LANGUAGES

French (native)

English (C1)

Chinese (B2)

INTERESTS / ENGAGEMENTS

- CLIMBING
- CHINESE CULTURE
- DRUMMER IN THE BAND "5 SENS"
- VOLUNTEER AT ESCA'LLARGUES CLIMBING CLUB
- REGULAR PARTICIPANT IN TOULOUSE OUTREACH ROUNDS

EXPERIENCES

MARCH - AUGUST 2028
Huawei, Shenzhen (China)

SOFTWARE DEVELOPMENT INTERN

Took part in the development and improvement of software solutions within an engineering team.

Contributed to the design and implementation of back-end features in Java, to API integration and to data management.

This experience introduced me to professional development workflows and to working in a multicultural team.

- Java, Spring Boot, SQL, Git, Linux, Docker
- Back-end development, REST API design, software testing, debugging, international teamwork

SUMMER 2027
Dragon Phoenix, Shanghai (China)

RESTAURANT WORK IN CHINA (SHANGHAI)

- 3 weeks of Chinese language classes
- 4-week professional internship at Dragon Phoenix
- Management, cultural adaptation, teamwork

PROJECTS

ALGORITHM FINDING THE BEST CLIMBING ROUTES

I built an application that determines the moves requiring the least physical effort for a climber, maximizing their chances of not falling off the wall.

- Python, HTML, Streamlit, Replit

EDUCATION

TOULOUSE INP-ENSEEIHT - 2026/
Department of Digital Sciences
Software Systems track

LYCÉE DHUODA - 2024/2026
Preparatory classes for engineering schools, PTSI/PT track
